

BEGINNER CURRICULUM SNAPSHOT:

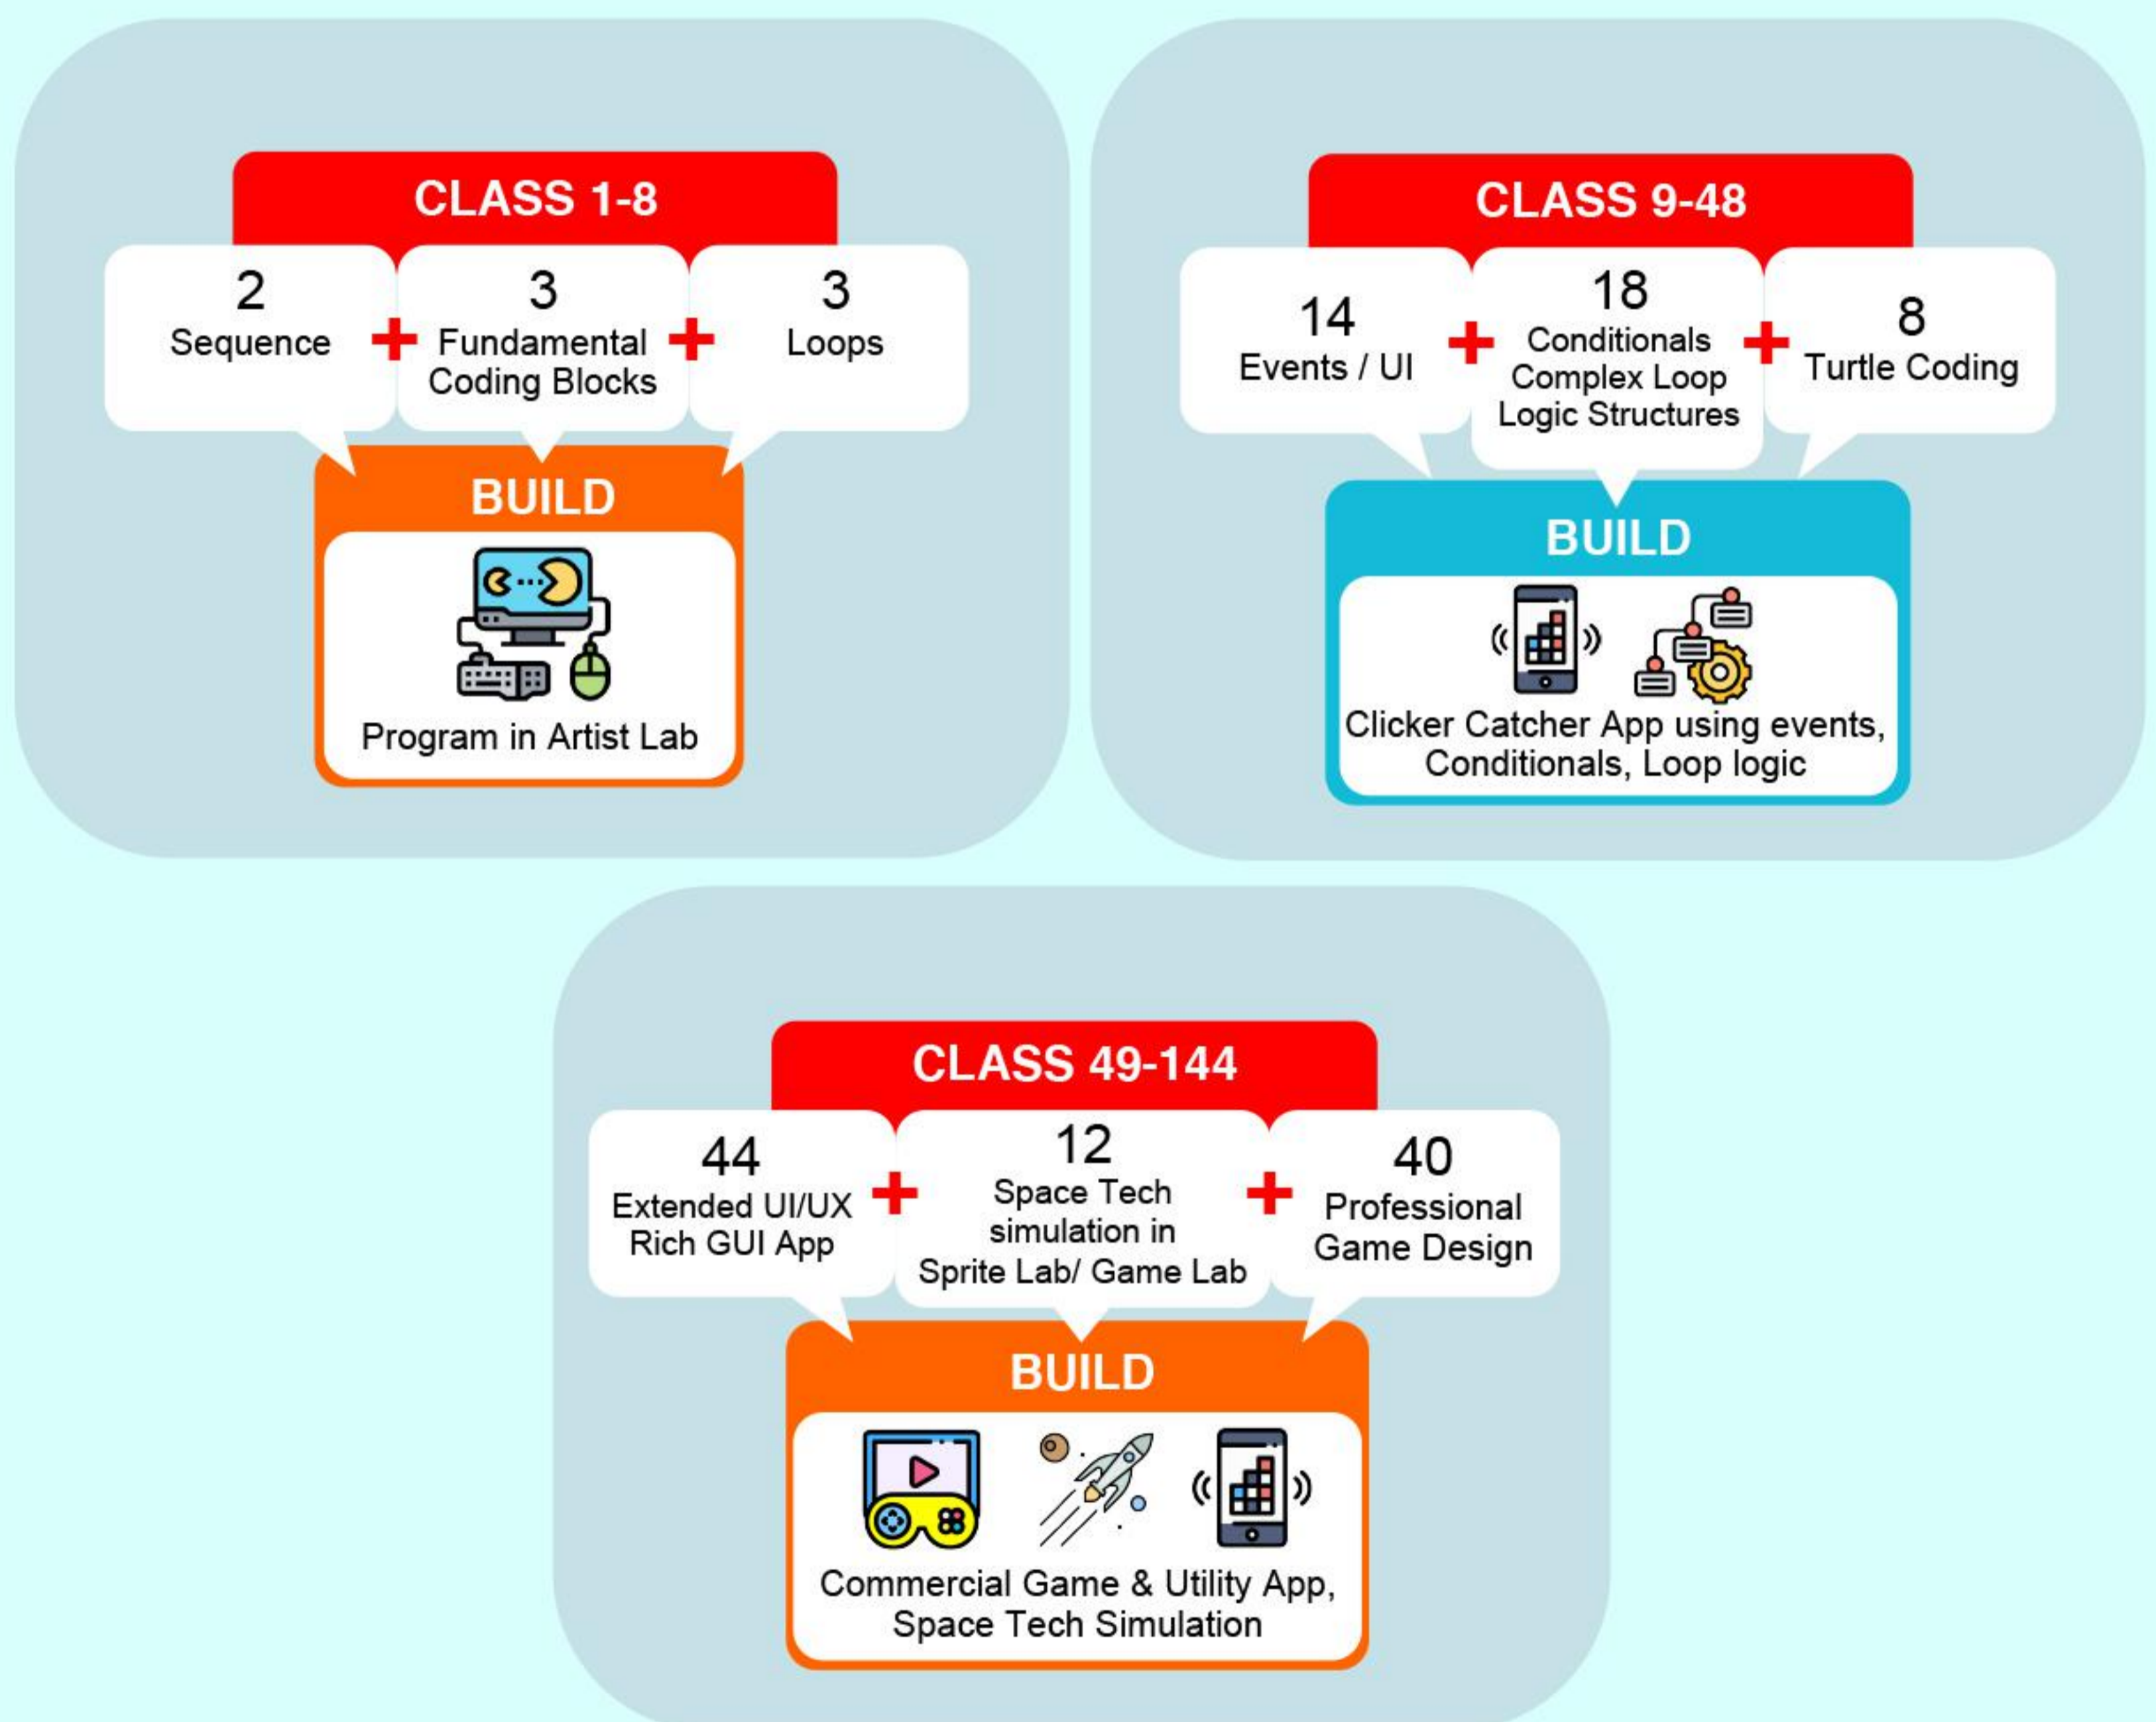

"The course is phenomenal. Not just coding, a new kind of personal expression. My kid's extroversion has gone up from the confidence of creating complex animations and apps in class."

-- Kerry Bajaj, Mom, Nutritionist.

Build Commercial-Ready Games & Apps with Full UI/UX Interface

Kids creativity declines 96% from Age 9 since rule-based learning emphasize binary outcomes.

In WhiteHat Jr Coding, kids use foundation of **logic--sequence, loops, commands--to experiment, stumble, debug, and create commercial-ready apps and games.**

WhiteHat is created by alumni of the following esteemed institutions

Procter
&
Gamble

Boston
Consulting
Group

Discovery
Networks

IIM
Bangalore

IIT
Bombay

FOUNDATION

Basics + Core Programming Concepts + Blockly + Simple Apps
